Sommenbingo t/m 20

Sommenbingo t/m 20

Je hebt nodig:

* Elke speler een bingokaart
*Fiches of whiteboardstiften
* (gelamineerde) bingokaarten

Zo speel je het spel:

Een deelnemer (of de leerkracht) heeft de sommenbladen voor zich. (Maak een keuze uit plussommen en/of minsommen) Deze deelnemer noemt hardop de som op en noteert stilletjes het antwoord op het blad.

De andere deelnemers kijken op hun kaart. Staat het antwoord van de som erbij? Leg dan een fiche op dit getal of teken het af met een whiteboardstift.
Wie het eerst zijn kaart vol heeft met fiches (of kruisjes) heeft gewonnen.

Tip: lamineer alle materialen en je kunt het eindeloos gebruiken.
